ABOUT FACT

Fellowship Afloat's centre at Tollesbury, Essex, is a unique place for adventure, relaxation and exploring the environment. The centre is based on our converted lightship *Trinity* in the striking Blackwater Estuary on the east coast. It is a fun activity venue for youth clubs, schools, churches, special needs groups and those wishing to gain sailing or powerboat qualifications. The guests are cared for by the centre staff and expert volunteers who form the lively Christian community which is Fellowship Afloat.

The activities we offer include dinghy sailing, powerboating, kayaking, high ropes and archery to name just a few.

Everyone who works at FACT shares their faith and beliefs about Jesus Christ through their everyday actions with each other and visitors to the centre. Our team comprises of a mix of senior staff, trainee instructors, galley team and administrative staff. The centre is supported by a wide range of committed volunteers – both young and old who help in many different ways, from sailing and delivering activities to hosting groups on board and helping in the office, galley or with maintenance.

WHAT DO OTHERS SAY

"I've seen God do amazing work at FA, I've heard of many amazing things, and I am sure that there is plenty of good work yet to be done."

"My confidence has grown through the activities, as well as through engaging with people of all ages, and managing my own time. And I have made some life-long friends and met many amazing people. For me, one of the best things is the surrounding saltmarsh, a timeless and expansive place that refreshes and inspires."

"Working in a (FACT) team that shares such a positive and united vision taught me that I had a value to give, and that I could gain great value from being with others."

"I'd highly recommend a year out or full time position at Fellowship Afloat- I've done both and they were both exciting times of spiritual and personal growth. It was so rewarding to see the changes you can make in people's lives for the better, even in the short periods of time spent on the Lightship!"

"The training opportunities were second to none, allowing me to train in all aspects of activity leadership. Spiritually I have been able to share my faith, teach young people about Jesus and get involved with the community side of FACT."

"I have been challenged in ways I have never been challenged before, I was put on sailing, powerboat and archery courses that I had never had any experience in, I have been given opportunities to lead in thousands of different ways and challenged and supported in my personal Christian faith."
