

# SO MUCH MORE THAN A RESIDENTIAL!

A unique outdoor experience investing in life skills to develop young people and create memories for life!

Fellowship Afloat offers a bespoke programme designed to develop personal growth through adventurous outdoor activities. And also enhances the curriculum in PSHE, Geography, RE, STEM (problem solving) & more.

Our expert staff team work alongside the teachers to help young people to develop in the following areas:

## Teamwork

- communicate well,
- see other perspectives

## Resilience

- stick with challenges,
- cope with setbacks

## Communication

- listen carefully,
- offer opinions

## Independence

- make decisions,
- ask for help

## Confidence

- self-belief,
- learn from mistakes

## Adaptability

- creative with solutions,
- try new things

These life skills are embedded into our activities to support deeper and broader personal, social and emotional development, all whilst having fun!

## EQUIPPING YOUNG PEOPLE FOR BRIGHT FUTURES
